

Lyric Guide For: THE DEEP EP

.MARSALIS

Track 1.

Caress

Impress me
Undress me
Caress me
Tonight

You know that you ain't doing
Nothing that is too important
In eternity's eye

So lay me down
Ever so gently now
You know very well what I like

Come hide with me
Darling collide with me
We both know it's just a matter
of time

Track 2.

Tandem Bike

Verse 1:

Time stands still while we're
Moving at the speed of light
Your spirit is the galaxy that
I have searched the worlds to find
I always knew to look into the sun was dangerous
So naturally I had to try
Darling loving you has got me shameless
So lets make love
The two of us
On Jupiter or Mars tonight

Chorus:

Oh the elevation's peaking
Neither of us are speaking
In a typical sense my weakness
Getting lost in your strength
Gravity is miles and miles away
But I can't say I miss it
We're locked in we're focused
Head in the clouds boots to the ground
Anchored but I'm floating
Tethered but I'm flowing with you girl

Verse 2:

Time stands still while we're
Moving at the speed of light
The rhythm of your body is
My interstellar tandem bike
Weather ain't even a factor honey
When we're up this high
I'm giving you more
Never less of me darling
'Cause that's how it's supposed to be
Every single ounce of me is
Yours for the taking!

Track 3.

From The Deep

Verse 1

Let me take my time
We've got forever don't we
I don't need no sign
You came from heaven to me
Baby I can't lie
Knew it from the first time that
We locked eyes and my soul realized
You were bone of my bone
Flesh of my flesh
Felt like I'd known you long ago
Even though we'd just met
It was obvious
Hidden in the flesh of my chest
Was a heart you'd arrest
From the start

Chorus

We don't need to waste no time with
The pleasantries,
baby you and me we are from the deep
Ever since we both said yes
To eternity, ain't no lookin' down
It's only up from here
'Cause He
Planned it way before we began it
Sealed it far before he revealed it
That's all the proof I need
To know we're from the
From the
From the Deep

Verse 2

Baby you opened my eyes
To a brand new life and you
Showed me things
That I can't describe
This I know girl
You're the only reason
I fight to protect our life
'till the end of time
When I think that I can't go deeper
You know how to make me plunge
Got a fella like eureka
Think I've had a revelation
In your eyes I can see the future
After all is said and done
We'll stand the test
Cause we're built to last

Bridge

If it's true then it don't need to be
proven
The evidence is in how you movin'
If it's noble then come hell or high
water
Lord knows that I'm gon' die for His
daughter
If it's just then aint no point tryna
argue
Their words don't have permission to
harm you
If it's pure then you can bet that I'm
sure babe
No counterfeit could ever deter me

Track 4.

Cadaver

Chorus:

I would rather be a cadaver on your
Table
Than medicating to be stable
These days it kinda seems
Feeling nothing is the new norm
But I don't buy it babe
Risking it is worth it
if you're my reward
Glisten don't mean glory
If you ain't seen gore so
I would rather be a cadaver on your
Table If you'll have me babe
I'm at your mercy yeah

Verse 1a:

Got me begging you for mercy please
You know me so pers'nally
Cut me right open
You bet Imma bleed
You burn me with love
Like it's third degree
Gotta cauterize that junk
Girl you know that you the one
The only one I'll ever need to do what
Only you can do inside of me

Verse 1b:

Class is in session
I put it on display like I've been arrested
Someone's gotta learn these youngins
a lesson
Plugging in don't always mean you
Connected
You the doctor I'm the patient
You the lawyer on the case
Hand on my bible and heart on my
sleeve

Verse 2a:

I gotta have your coalescence
(what that mean?)

Honey I need you right by me
And it takes some courage to
address it

You are the very air I breathe
So if I gotta go under
Promise you'll meet me in The
Deep

No anesthesia the pain is a
pleasure
If you're what it brings

Verse 2b:

Death and devotion go hand-in-
hand just like the sand and the
ocean

Just be gentle when you're cutting
me

Open If you find it girl it's yours
And I'm hoping you do

You the doctor I'm the patient
You the lawyer on the case
Hand on my bible and
heart on my sleeve

Girl you should know this about
me

Bridge: 2x

My favorite thing to be is yours
Dead or alive

You're always welcome inside of me
My favorite thing to be is yours
In pain or in pleasure

You know you've got me forever
My favorite thing to be is yours
Dead or alive

You're always welcome inside of me
My favorite thing to be is yours

Track 5.

Kill My Time

Verse 1

Scrollin' Flippin'
Lounging on a lazy day
Algorithm messing with my tempo
Take the beat away
Working Stressing
Fighting just to win the day
Money has no meaning
'Less it's buying time for you and me

Pre-Chorus 1:

Downtime is dead time there's no use
Baby I'm guilty as sin every moment
I'm spending without you

Chorus:

So go ahead and kill my time
It's yours it's yours
If you catch me in a crime
For sure, for sure
You be the judge and the jury,
Baby I'll even plead guilty
Ain't no sense in trying to change my mind
Go'on and kill my time

Verse 2

Fasting, praying
Dying to myself again
Dodging all my demons as they
Keep on trying to pull me into
Worship, Teaching
Tryna keep my spirit right but
Fellowship is flat unless I'm
Floating with you by my side

Pre-Chorus 2

I've entered my transfiguration
Your presence is my motivation baby
I'm guilty as sin every moment I'm
spending without you

Chorus:

So go ahead and kill my time
It's yours it's yours
If you catch me in a crime
For sure, for sure
You be the judge and the jury,
Baby I'll even plead guilty
Ain't no sense in trying to change my mind
Go'on and kill my time

Bridge:

Scrolling time away alone
Girl you know I'm guilty guilty
If I work my fingers to the bone
Girl you know I'm guilty guilty
If I'm always slaking on my sanctity
Girl you know I'm guilty guilty
Checking all my boxes faithfully
Girl you know I'm
Guilty Guilty
Guilty Guilty
Guilty

A Special Thank you.

I'm incredibly moved that you have taken the time to listen to these songs and read through the lyrics.

This project means a lot to me and I hope that as you listen to it you can hear all of the passion, care & intentionality we poured into these songs.

All of these songs were written by hand, produced with live instrumentation and real vocalists in our studio over the course of just over a year. It's humbling to know I have such a deeply talented community of creatives.

I hope this music encourages you to dive into "The Deep" parts of who you are and be present with the vulnerability involved in the risk and reward of knowing & being known.

If you made it all the way to the end, we have a special surprise for you...

You're the first to hear it before it comes
out later this year...
